

ENERGY STORAGE INDIA

4TH INTERNATIONAL CONFERENCE & EXHIBITION ON ENERGY STORAGE & MICROGRIDS IN INDIA

[in](#) [twitter](#) [f](#) [YouTube](#) [g+](#) www.esiexpo.in

EXPO AND CONFERENCE January 12 - 13, 2017

Nehru Centre, Mumbai

CALL FOR ABSTRACTS OPEN!!

PRE-CONFERENCE WORKSHOP

January 11, 2017

Nehru Centre, Mumbai

TOPICS FOR ABSTRACT:

- Energy Storage Technologies and Applications
- Microgrid, off-grid Solutions and Rural Electrification
- Manufacturing Advances, Battery Components, Raw Materials, Equipment and Recycling
- Innovation and R&D in Energy Storage
- Safety, Standards, Testing and Certification
- Energy Storage Software, PCS, BMS and Inverter
- Regulatory and Policy Framework
- Make in India
- Ancillary Services in India and Energy Storage Application in Utilities
- Smart Grids and Smart Cities
- Renewable (Solar and Wind) Integration and Challenges
- Energy Storage for Critical Infrastructure & CGI Establishments (Data Centre, IT offices)
- Telecom infrastructure, Railways, Defence
- Electric Mobility and Electric Transportation (battery electric vehicle, hybrid vehicle and material handling equipment)
- Emerging Applications, (Drones, UAVs, Satellites, Medical devices, Portable and Wearable electronics) Global case studies
- Investment & Financing in Energy Storage projects and early stage companies

Moving from Vision to National Energy Storage Mission

SUBMIT BEFORE

15th August, 2016
