**I certify the following statement:**

I hereby authorize solicitation by StoragePAC for the following years. I understand that my corporation may only grant one authorization to a trade association per calendar year. To the best of my knowledge, no such approval has been given to another trade association PAC.

For 2019:		
	Signature	Date
For 2020:		
	Signature	Date
For 2021:		
	Signature	Date
For 2022:

Affixing your signature for multiple years eliminates the need to contact you for authorization approval in upcoming years and reinforces your commitment to StoragePAC. A company can withdraw its authorization at any time by contacting StoragePAC.

Federal Election Commission regulations require StoragePAC to obtain written permission from an authorized representative of a member company to solicit voluntary contributions from employees.

All contributions to StoragePAC are strictly voluntary and no one will be advantaged or disadvantaged based on their decision to contribute or not to contribute. This authorization does not bind a company or its employees to any financial commitment. A corporation may not approve solicitations by more than one trade association in the same calendar year.

Contributions to StoragePAC are not tax-deductible for federal income tax purposes.
